

Guzman & Griffin Technologies, Inc. (GGTI) Certified as a Participant in the U.S. Small Business Administration's (SBA's) 8(a) Business Development Program

September 21, 2016

Washington DC – GGTI, Inc., a leading provider of safety, engineering and policy support to Federal government and private industry, has recently been certified by the SBA as a participant in the U.S. SBA's 8(a) Business Development Program. The 8(a) Program, which offers a broad scope of assistance to firms that are owned and controlled at least 51% by socially and economically disadvantaged individuals, will enable GGTI to both compete for 8(a) set-aside contracts and receive sole-source contracts, up to a ceiling of \$4 million for goods and services and \$6.5 million for manufacturing.

Track Record of Success

Since 1997, GGTI has provided safety, engineering, and policy support to the FAA. GGTI Headquarters is located in New Jersey in close proximity to the William J. Hughes Technical Center (WJHTC), where GGTI supports and performs hands-on operational testing work for the FAA ATO Office of Independent Safety Assessment. GGTI has additional office space in Alexandria, VA, in close proximity to the FAA's Headquarters in Washington D.C. from which GGTI provides support for the FAA ATO's SMS Office. In supporting the FAA ATO's SMS, GGTI develops policy, conducts safety risk management, and reviews technical safety documentation associated with Next Generation Air Transportation System (NextGen) acquisition systems and Air Traffic Management operations and procedures.
