

December 1, 2015

**Alexandria, VA** – GGTI, Inc., has relocated its Washington, D.C. Metro Area office to the heart of Old Town Alexandria. GGTI acquired the new space to accommodate its growing staff after its award of the Federal Aviation Administration (FAA) Air Traffic Organization (ATO) Safety Management System contract.

Conveniently located across the street from the King Street Metrorail Station and VRE commuter rail station. It is less than a 20 minute drive to downtown Washington, D.C. with Ronald Reagan Washington National Airport along the way. With customer and employee satisfaction being a cornerstone to GGTI's success, the new office provides closer proximity to its government customers, new amenities for employees, and room for future growth.

The new address is:

1700 Diagonal Rd  
Suite 670  
Alexandria, VA 22314

### **About GGTI**

Since 1997, GGTI has provided safety, engineering, and policy support to the Federal Aviation Administration (FAA). GGTI Headquarters is located in New Jersey in close proximity to the William J. Hughes Technical Center (WJHTC), where GGTI supports and performs hands-on operational testing work for the FAA ATO Office of Independent Safety Assessment. In supporting the FAA Air Traffic Organization Safety Management System, GGTI develops policy, conducts safety risk management, and reviews technical safety documentation associated with Next Generation Air Transportation System (NextGen) acquisition systems and Air Traffic Management operations and procedures.
